Informational pickets appeared at JFQ gates this morning voicing opposition to the inclusion of "flex-benefits" as part of the "Big Table" negotiations that have been going on since the first week of October.

The pickets arrived at 6 a.m. this morning and Channel 2 appeared at 6:10 a.m. with a camera crew at the invitation of the union.

Greg Penny has been identified as the spokesperson, with the agreement of Russ Sackett. (The negotiations are national in scope and not specific to JFQ.) Loren Wassell is working with Mr. Penny and others on our strategy and Q/A package.
