GAF 15052

. formal claim petition having been duly filed claiming compensation under R.S. 34:15-7 et seq., as amended and supplemented, and an answer having been filed, and the parties having appeared before me, WILLIAM D. HILL, SUPERVISING JUDGE OF COMPENSATION, at the Division of Workers' Compensation, Camden, New Jersey on November 8, 1976 and May 16, 1977, and testimony having been presented on the issues involved and stipulations having been entered on the record, I find and determine as follows:

1. The petitioner was in the employ of the respondent for 27 years from January 1946 to November 16, 1973, during which time he sustained personal injury as the result of occupational exposures out of and in the course of his employment. The occupational exposures and injuries occurred as follows:

Petitioner was exposed to dust and fumes, including asbestos fibers and strenuous physical work.

2. The respondent had due and timely notice and actual knowledge thereof.

3. The respondent has furnished and paid for medical treatment because of said injuries. Additional items to be paid are set forth in the above STATEMENT OF AWARD.

4. Petitioner's wages were $230.80 per week, making the temporary and permanent disability compensation rates $109.00 per week.

5. Compensation shall be paid by Respondent under said statute.

6. Payments shall be made as set forth in STATEMENT OF AWARD.

7. The permanent disability resulting from said occupational exposures is pulmonary in nature involving the residuals of chronic bronchitis with fibrosis and emphysema; and coronary in nature involving coronary insufficiency superimposed on prior arteriosclerotic heart disease; and the extent thereof I find and determine to be 55% total permanent disability being 20% of total cardiac in nature and 35% of total pulmonary in nature.

I find the petitioner is totally disabled from all causes. The extent of the disability caused by the industrial exposures is 55% of total permanent or a period of 247-1/2 weeks at $109.00 per week, the payments of which expire on February 13, 1979.

It is my opinion that the petitioner is entitled to a continuation of benefits for 202-1/2 weeks; that being the difference between the 247-1/2 weeks assessed against the respondent and the statutory allowance of 450 weeks. This judgment is subject to R.S. 34:15-12 (b) to provide benefits beyond the period of 450 weeks, which expires on December 31, 1992, inclusive. A separate Advisory Opinion with respect to same shall be filed.

At the conclusion of the trial, I made certain observations and findings which were recorded and which are made a part hereof as if set forth fully herein.

Pursuant to such findings, judgment is entered in accordance with the above STATEMENT OF AWARD.

Pursuant to the provisions of R.S. 34:15-64, as amended, it is directed that amounts to be deducted for the Petitioner's expenses are to be paid to the persons entitled to the same, the remainder to be paid directly to the petitioner.
