Dr. J. B. Huffman
School of Forestry
University of Florida
Gainesville, Florida

Dear Dr. Huffman:

Reference: JMM 7/17/69 memo
to REK, JBH, etal.

Mr. J. M. Magner has advised per the reference letter that a fence should be installed around the plot used at Gainesville for the Soil Poison Tests. It is my understanding that the University of Florida will furnish the labor if Monsanto will bear the cost of material ($32.71). Please proceed on this basis and install the fence.

The invoice for the materials should be directed to my attention. Thank you for your assistance.

Sincerely,

R. E. Keller
