MAR-NOT MAKES FLOORS WEAR PROOF

SCAR-NOT STANDS KNOCKS AND HEAT

REXPAR SHINES IN ALL WEATHER

Each the best for its purpose

THAT protecting quality is greatest in a varnish made exclusively to meet a certain kind of wear. Because floors get one kind of wear, furniture and woodwork another, and outdoor surfaces still another, we have a different kind of varnish for each. Avoid using "general purpose" varnishes. Satisfaction comes from using specialties.
