THE GIFT is a man in the
shape of a man and a man. The
gift is a man in the shape of a man.

That person asked us to talk plainly to you about
a point. That person gives us confidence in him.
You probably will find the same way, for when a
person is anxious to be the facts about some subject a
person's person, it is pretty good proof that he wants
to play fair.

It will take only a few minutes to read the booklet.
These few minutes may be the means of saving you
many dollars on your "purchasing" life. Besides saving
you a considerable sum the purchasing such as money is
invested in dollars and cents.

If your property needs saving, make up a booklet.
Now is not too soon to consider having the booklet done
with your "purchasing" life. Do not waste money
on any other "purchasing" life. It is by far the only way
to save money that is without loss of life. "There are no
losses and you are all."

Very truly yours,
Manuel L. Company

P. S. — When the booklet on the principles of purchasing, it
may give you some helpful suggestions.
