CENTRAL OFFICE LOCAL AREA NETWORK
(CO-LAN)
SERVICE ARRANGEMENT
LETTER OF ELECTION

The undersigned hereby elects to subscribe to a Central Office Local Area Network (CO-LAN) service arrangement. The following sets forth some of the major terms and conditions for this arrangement. Service will be provided on or about August 1, 1991 (or Actual Cutover). This CO-LAN service arrangement is intended for use by the City of San Antonio (the Customer) only.

In addition, rules and regulations as set forth in the General Exchange Tariff, as approved by the state regulatory commission, are applicable. Should any part of this Letter of Election be in conflict with the applicable tariffs at the time of election, the tariffs will govern.

The service arrangement will provide for a maximum of eighty-nine (89) Integrated Voice/Data Multiplexer (IVDM) and Megalink I terminations in the Capitol, Taylor, Lehigh, Walnut, Pershing, Babcock, and Diamond Central Offices.

Installation and Nonrecurring Charges associated with this offering can be deferred over the fixed term. The annuity factor for deferring these charges is .02218.

A termination charge based on 80 percent of the present worth of remaining monthly payments will be applicable for partial or total disconnection of service. This calculation will be based on a 12.54% discount rate. In addition, any deferred installation of Nonrecurring Charge is payable in full at the time of disconnect.

The obligation of the customer to make all payments under this agreement is subject to, and dependent upon annual appropriation of funds necessary to make such payments.

CONFIDENTIAL

Additions of equipment elements will be made coterminous with the original contract period.

At the conclusion of the fixed term, the customer must elect one of the following options:

a) Renew the contract under the terms, conditions and rates developed at that time.

b) Discontinue the service.

Customer Address: 506 Dolorosa

This contract will be coterminous with the existing contract for COLAN service.

(1) Initial Installation Charges associated with this service can be deferred over the contract term. The annuity factor to be used for this deferred is 0.02218 for the 5 year term.

(2) These charges apply only to central office equipment added subsequent to the installation of the initial service.
