Industrial Noise

Chapter 45

Legal Considerations 1509

The Ear and Hearing 1510
Anatomy of the ear Psycho-acoustics Audiometry

What Is Noise? 1514
Measurement Glossary of terms

Noise-Exposure 1521
Effects of noise-exposure Nonauditory effects Auditory effects

Hearing Conservation and Noise Exposure 1527
Limitations of a practical hearing conservation program
Noise exposure and hearing loss

Control of Noise-Exposure 1529
Environmental control Use of personal protection

Threshold Limit Values for Noise 1532
Threshold limit values for physical agents for 1969 Threshold limit values for noise for 1969
