Fiberglas?

A A little over 34 years.

Q When did you start at Owens-Corning Fiberglas?

A August of 1961.

Q And do you have a college degree?

A Yes, sir.

Q And basically what was your degree in?

A Well, my degree is in -- my majors were in physical and general sciences.

Q Do you have any kind of medical training?

A No, sir.

Q Do you hold any U.S. patents?

A Yes. They are actually Owens-Corning's patents, but 12 U.S. patents.

Q Can you please tell the jury your first job at Owens-Corning back in 1961.

A Yes, in 1961 I started at the technical center in Granville, Ohio and a High Temperature Insulation Laboratory doing -- learning the business and working in the High Temperature Insulation
