Monterey Police Disperse Milling Mob of Youngsters

An angry milling crowd of some 100 teen agers at Alvarado street near Franklin apparently arguing the outcome of a softball game was dispersed by Monterey police late last night before any blows were struck

Converging on the crowd in answer to a riot call police were able to break up the mob without trouble but only after late evening traffic on Alvarado street had been stopped or several minute

In the center of the mob were 45 members of the Gustine High School football team and their coach Robert Brian who was attempting ineffectually to stop what appeared to be a potential gang fight

Police said they had been unable to determine the cause of the trouble but that no clubs were traded

Boys Report Car Hit by Bullets

Two frightened teen agers reported to Monterey she lff's deputies late last night that someone in Carmel Valley had shot at them as they drove along the valley road in their car

Deputies inspected three bullet holes in the car and they informed the boys Louis Wolter Jr had reported to the same deputies shortly before that he had taken several shots at two men who had stolen a case of beer from the fruit stand operated by his father He fired as they drove away in a car, he said

No beer was found in the boys possession however and they were released pending outcome of an investigation of the apparent coincidence

SACRAMENTO (UP) — California's income tax collection agency —the State Franchise Tax Board— is turning the heat on tax evaders

John F Campbell executive officer for the board said the crackdown is aimed at

1—Tax exempt non-profit corporations which are in reality dummy fronts for gambling or other rich enterprises

2—Out of state chain companies which have branches in California

3—Gangsters and gamblers who take business tax deductions on illegal enterprises

4—More than 100 000 Californians who should have payed State income taxes but failed to do so

The drive is already paying off Campbell said in an interview

Out of the 100 000 individuals whose income tax returns have been checked the State has collected about $347 805 in back taxes and penalties

Some of the 45 000 tax exempt charitable and non-profit corporations in the State are suspected of being fronts for big profiteering Campbell declared

One such non profit organization he went on was a social club in San Francisco organized for the purpose of improving the intellectual moral and social welfare of its members

"Our men walked into the place and found a full fledged gambling joint in operation the official said

Full time auditing staffs have been checking the books of multimillion corporations in Chicago and New York for taxes they might owe in California

Up to July Campbell said this program has recovered a net of $491 075 for California this year

Law To Ruston 90 Ousted Cadets

YORK Me (UP) — Congress will be asked to pass legislation re appointing all 90 ousted cadets to West Point, it was disclosed today

The announcement was made by Robert Daru general counsel of the committee on justice of the New York - Criminal - and - Civil Courts Bar Association which has been conducting an investigation of the West Point dismissals

Daru said that as a result of an Army ruling making the discharged cadets eligible to return to West Point his committee 'will now seek the interfuction of an omnibus bill in Congress appointing all 90' to the military academy

He said it would entail too much delay and red tape if the individual cadets were required to seek separate appointments

Daru said the proposed legislation also will contain 'adequate safeguards against any possible reprisals by the academic board in passing on the appointments'

Taylor, Venturi Ahead

At the end of the first 18-holes in the 36 hole semi-final rounds of the California State Amateur Golf Tournament at Pebble Beach Dr F M Taylor Jr, Pomona, was 1-up over Bruce McCormick, Los Angeles and Ken Venturi, San Francisco was 1-up over Gene Littler South Dakota

Minor Car Fire

The Seaside Fire Department was called at 3 34 p m yesterday to the Seaside Auto Wreckers when a cutting torch set fire to a car on which mechanics were working No damage resulted

Found Guilty of Trust Violation

NEW YORK (UP) — E I Du Pont De Nemours and Co Inc, the Imperial Chemical Industries Ltd of London and New York Remington Arms Co Inc, and five individual officers were ruled guilty by a federal court yesterday of conspiring to violate the Sherman Anti-Trust Act in agreements dating back to 1920

Federal Judge Sylvester J Ryan ruled that the four corporations and five officers were guilty of conspiring to divide world markets and eliminate competition in trade and commerce of chemical products, sporting arms and ammunition

An entire page of the decision listed products involved in the agreements, including nylon, the synthetic rubber products neoprene and plythene, paints pigments, fertilizers insecticides explosives for other than military uses, plastics, film and disinfectants

quotas to determine their location and price Many of the trees are already in park boundaries

The save-the-Sequoia plan contemplates that, eventually, the rest of the Sequoias will be purchased from private owners and made public forest preserves

The study was directed by a resolution introduced by State Senator Hugh Burns (D-Fresno) and adopted by the Legislature earlier this year

The resolution referred to the trees as "the oldest largest and most impressive of all living things which when once cut will probably never more be seen by man

Newton B Drury chief of the State Division of Beaches and Parks said when the survey is completed the results will be given to the Legislature

Drive Opens Here

An all-out membership campaign to strengthen the ranks of disabled veterans against a dangerous onslaught now being threatened by groups who would destroy the rights and benefits of disabled veterans was launched here today by the Gen Joseph W Stillwell Chapter 85 of the Disabled American Veterans on the Monterey Peninsula

Commander Claude Berquist of the DAV Chapter said that only through a strong organization can the disabled vete ans protect the hard-earned benefits they now receive
