Date 10.12.69 Time 2.30p.m.

QUERIED BY (Reporter and Media)

GORDON GREGOR - DAILY MIRROR.

QUERY

1. Is Monsanto the sole producer of PCB in the U.K?
2. How long have Monsanto been producing PCB in the U.K?
3. Is any research being carried out by Monsanto, or others on disposing of PCB waste? Do Monsanto offer advice to PCB customers on disposal problems?

ANSWER

1. Yes.
2. Early 50's.
3. Research is being carried out both in the U.K. and USA. This research includes work on the reclamation of PCB and the bio-degradability of PCB. We are always willing to advise customers on disposal problems when approached.

SOURCE OF ANSWER (List All Sources)

1.) Previously released approved information.
2.)
3. H.A. Vodden -Ruabon
D.S. Cameron -Brussels.

NAME (Staffer Handling Query)
