Q Now, you also mentioned fiberglass blankets?

A Yes.

Q Have you described those previously in the deposition?

A I don't think so.

Q Would you describe them now, please.

A They came in rolls of 400 square feet, rolls mostly 48 inches wide. Fiberglass itself was orange color in nature and it had aluminum jacket on the outside, very flexible.

Q To your knowledge, did these fiberglass blankets contain asbestos?

A To my knowledge, no.

Q And what were they used for?

A Insulating air conditioning ducts.

Q About how much of it was used at this jobsite?

A Not being a foreman, I wouldn't know. I
