January 23, 1948

SUBJECT: Resale Price Manual
Schedules A-248, B-248, C-248

Gentlemen:

We are enclosing herewith the above schedules covering our General Line of Packings and Gaskets, Swivel Packings, and Oil Field Pump and Engine Parts.

These prices become effective February 1st; and all shipments made on or after that date will be billed out at these prices.

This price manual will void the manual issued October 10th, 1947, which covered Schedules A-947, B-947, and C-947. If any additional copies are required, do not hesitate to contact us.

We take this opportunity to thank you for your past valuable patronage, and look forward to be of further service covering your future requirements.

PACKAGED

A set of packing is a sufficient amount to pack a pump complete, and is charged out per set.

INTERCHANGEABLE SETS

Where the numeral before the dash is the same the sets are interchangeable as to I.D. and O.D.

The numeral after the dash represents the height of each unit. EXAMPLE, F16-2 1/2 and F16-3.....these sets are the same as to I.D. and O.D., but one is 2 1/2" high and the other 3" high.
