NAPA

NATIONAL AUTOMOTIVE PARTS ASSOCIATION

April 19, 1979
Bulletin No. 79-71

TO: All NAPA Manufacturers

SUBJECT: FEDERAL EXCISE TAX ON BUS PARTS

I have previously written a bulletin concerning this subject and have received little, if any, response. I believe that there are a number of NAPA suppliers that a new Federal Revenue Act of 1978, which eliminated the 8% Excise Tax on bus part and accessories, would apply too.

I am attaching a copy of the bulletin which is going to the NAPA Distribution Centers, from Globe-Union, explaining the changes and procedures that this has caused and would ask you to evaluate this and advise this office whether or not you have parts that have Excise Tax that goes on buses, and what you intend to do in communicating to our Distribution Centers and Jobbers what they should do about claiming credits, etc., in view of the tax laws.
