Dear Mr. Jones:

Re: Compliance Inspection
Permit No. 39012-02

An annual solid waste compliance inspection was conducted at your facility on December 7-9, 13, and 14, 1983 by Mr. Tim Chaney of the District 6 Office, with an additional inspection conducted on March 13, 1984. The enclosure to this letter is a summary of the results of these inspections and it will serve as notification to Chemical Waste Management, Inc. of violations of Permit 39012-02, Permit WDX-160, and 31 Texas Administrative Code 335. A meeting is tentatively being scheduled for Monday, April 30, 1984 at 10:00 a.m. in the Central Office of the Department to discuss the resolution of these violations. If you wish to contest any violations that you think are in error, or if cited operations have become compliant as a result of corrective actions, please be prepared to substantiate your position.

Contact Mr. Paul S. Lewis at 512/475-5695 if you have any questions.

Sincerely,

Bryan W. Dixon, P.E., Acting Chief
Solid Waste and Spill Response Section
Enforcement and Field Operations Division
