

CHEMCEL PLANT

July 23, 1981
JJF-101-81

Mr. Bill Stewart, P. E.
Executive Director
Texas Air Control Board
6330 Highway 290 East
Austin, Texas 78723

Dear Mr. Stewart:

The Celanese Chemical Company, Inc. at Bishop plans to reclaim about 2,000 linear feet of steel pipe ranging in size from 1" to 14" in diameter. This reclamation work will start August 3, 1981. The pipe is insulated with friable asbestos insulation, so insulation will be removed as the first step, and landfilled in the designated asbestos landfill located on the plant site. All precautions outlined in 40 CFR 61.20-61.25 will be observed.

This letter will serve as a notification of this work, as required by 40 CFR 61.22 (d) (2). The attached data sheet lists all the pertinent data.

Please contact me if you have any questions or comments.

Very truly yours,

R. R. Graham
R. R. Graham
Acting Plant Manager
