Assembly California Legislature

November 15, 1950

ADDRESS REPLY TO:
2129 Grove Street
Oakland 12, Calif.

R. A. Kehoe, M.D.
Director, Kettering Laboratory
University of Cincinnati
Cincinnati, Ohio

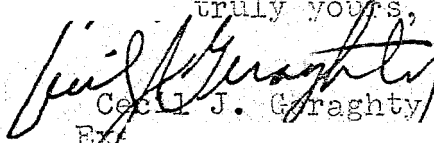

Dear Dr. Kehoe:

There is enclosed a copy of a letter which we have today sent to the Surgeon General of the United States regarding information on the use of ethyl mixture in motor fuels with respect to possible effects upon the public health.

Undoubtedly you will wish to comment upon this subject both as medical director for the Ethyl Corporation and as head of the Kettering Institute.

The California legislative committee will greatly appreciate any information which you may be able to provide.

truly yours,

Cecil J. Graghty
Encl
Assembly
