REFERENCE

TO : P. G. Benignus - PBENI
R. [redacted]

Attached is a copy of Bob Abbe's letter to me covering the proposed technical exchange program on dielectrics. I will be discussing this with Bergen later this week. Even though Abbe's comments are general, I would like to have each of your opinions as to the possible merit of pursuing such a program. I am sure that Howard will want all of us to get together for a discussion as soon as Benignus is again available.
