HR 10085
BILL TO PROHIBIT PCB

J.R. Fallon - B2S H
T.L. Cosgage - B2S L
J. Mason - B2S A
R.H. Munch - 1760
W.B. Papageorge - B2P N
W.R. Richard - T3A

H.S. BERGEN
B2S A

Attached is HR 10085 introduced by Congressman Ryan to prohibit PCB.

NEMA - ANSI is distributing this to the members of our committee representing the interests of the electrical industry. This group is yet in the forming stages. It takes time to organize this large body.

Our members are well aware, but accepted this until now. Now I am getting calls of concern from evidently only the few who as yet received the attached, which I received only today.
