Mr. J. F. Thompson
Quality Assurance Section
Chemistry Branch
Pesticide & Toxic Substances
Effects Laboratory
United States Environmental
Protection Agency
Research Triangle Park, N. C. 27711

Dear Mr. Thompson:

I have received your request for samples of Aroclor® 1221, Aroclor® 1242 and Aroclor® 1254 and am forwarding these samples to you under separate cover.

If I can be of further service, please let me know.

Sincerely,

W. B. Papageorge

Mr. Fred E. Long
Air Program Supervisor, E.E.
Division of Surveillance
Ohio Environmental Protection Agency
2110 East Aurora Road
Twinsburg, Ohio 44087

Dear Mr. Long:

Enclosed is a collection of technical and application information pertaining to Aroclors which you requested in your letter dated June 3.

As you probably know, the applications in which you have expressed particular interest were discontinued beginning in 1970. Currently Monsanto sells Aroclors only to manufacturers of transformers and capacitors in which the Aroclors are used as dielectric fluids.

I hope this information is useful to you and if I can be of further service, please let me know.

Sincerely,

W. B. Papageorge

Dr. Thomas Duke
Environmental Protection Agency
Gulf Breeze Laboratory
Sabine Island
Gulf Breeze, Florida 32561

Dear Tom:

Scott Tucker, Des Hosmer, and I sincerely appreciated the opportunity to visit with you and your staff at your laboratory recently. I hope you found the discussion as informative and useful as we did.

I have enclosed a copy of the report I had offered to mail you. I hope you find it interesting. Best regards.

Sincerely,

W. B. Papageorge
