A Well, in the interim period of time there was some contact that my office had with him, and we sent him a form asking for some biographical material.

He next was seen by me on February 15th, 1990, and at that time he was seen by me because of the fact that he was still having some chest pains.

I obtained chest X-ray and treated him with some more Naprosyn and arranged for him to come back to my office at a future date.

Q You saw him on February 15th of 1990 at your office?

A Yes.

Q Now, when was the next time that you saw Mr. Wood after February 15th of 1990?

A On March 6th of 1990.

Q And on March 6th of 1990 where did you see him?

A I saw him in the office. And the occasion of the visit was precipitated by the fact that he was still having chest pain.
