Hi Bonita—

Thanks so much for your inquiry. I'm writing to acknowledge receipt and that we're working on a response.

Best,

Tricia

Subject: URGENT REQUEST CBS NATIONAL NEWS

Hi Tricia,

I'm a producer with CBS National News for the show CBS This Morning with Gayle King, John Dickerson and Norah O'Donnell and we heard about the recent high contamination levels in Johnson County, Indiana that has caused many children to become sick and even get cancer.

I wanted to reach out to see if anyone from the EPA would be available to do a taped interview, or if we could possibly go into your test facilities to see how the contamination testing takes place.

My direct number is [Ex. 6] and we're hoping to do the interview early next week.

Here's a link to the article with additional information: <https://www.indystar.com/story/news/2018/07/17/toxic-contamination-found-johnson-county-homes-community-cancer-causing/789588002/>

Best,
Bonita
