## TTON HAD BOOM IN NEW YORK

k, April 4—Extensive cover- shorts sent May cotton up nts to 10.20 cents today. This best figure reached in the ovement, exceeding by three recent record price for May ched a few weeks ago. From ndications the bull attempt oppose rather than encourage e, which was due, primarily, ions by the shorts of the dif- meeting contracts. All or- rket conditions were ignored, n the wild scramble to cover, n was a good second in the that attended the opening to 9.73, and there was talk le corner in that option. The aded soon after the opening ued more or less irregular. uance of covering kept prices r the top and the closing was d steady.

## Shakespeare Said

"Give thine ear to every man, but to few thy voice; take every many's counsel, but reserve thy judgment, and use thine eyes." The Bard of Avon was evidently a man of excellent judgment as well as a poet. If he were living in San Diego in this degenerate age, he would no doubt care for his eyes by consulting us. The eyes have a potent influence over the mind; first by strain accompanying impaired vision, and again by the tax on the nervous system. We make a specialty of taking proper care of people's eyes; our system of eye testing is the latest and best to date. Eyes examined free.

The British cruiser Shearwater, which is coming up the coast on her way to Esquimalt, is expected to reach Ensenada tomorrow on the day following. It will be several years since a war vessel of the size of the Shearwater has put in at Ensenada, and the occasion will doubtless be made a notable one. There will be receptions on board and on shore.

THE PURITAN.

The steamer launch Puritan, which came near being wrecked at La Jolla a few nights since, sailed yesterday for her home port, Long Beach. She had to have considerable work done on her because of her unlucky trip through the kelp beds off La Jolla, but when she left, she was in good shape for the trip.

THE TITANIA.

The collier Titania, which was supposed would be here today, will not come in on this trip, as the shortage of coal at San Francisco is being looked out for first, and she is making another trip there before coming to this port. She will probably be here before the close of the month.

THE WARSHIPS

A letter received here from one of the crew of the United States cruiser Ranger says that the whole Pacific squadron will be here about the 24th of this month. The letter was written at Acapulco on March 17, but fold of the schedule to the time of reaching San Diego. The squadron is supposed to be at Magdalena Bay at present. The training ship Alert is to leave on a cruise this week, to be home about a week.

AFFECTS OFFICERS OF NAVY.

The controller of the treasury has rendered an opinion that an officer of the navy attached to and performing duty on a vessel is not entitled to commutation of quarters.

## Baby Costs Too Much

When the price paid is the mother's health and happiness. The father doesn't realize as he romps with the child what years of wifely suffering mark its coming. The baby's laughter, though, is a high price to pay for the pains and joys of maternity, yet it is much more than many a woman becomes a mother. Such a price is too much because it is more than nature asks.

By the use of Doctor Pierce's Favorite Prescription maternity is made practically painless, and a quick convalescence is assured in almost every case.

"I am pleased to give my testimony and wish I could find words strong enough to induce other sufferers to use Dr. Pierce's Favorite Prescription" writes Mrs. Wesley Guy of Kemptville, Ont., Box . "For eight years after my little boy was born I suffered with female weakness, and sometimes in warm weather especially on my right side and pain in the . Was so miserable sometimes did not know what I was going to do. Tried several doctors but received no benefit until I began using Dr. Pierce's Favorite Prescription. Had only used four bottles also some of Dr. Pierce's Antiseptic and Healing Suppositories, when I felt like another person. I recommend Dr. Pierce's medicines to all my friends. If anyone wishes to write me I will gladly answer."

Dr. Pierce's Favorite Prescription contains no alcohol and is entirely free from opium, cocaine and all other narcotics.

The dealer who offers a substitute for "Favorite Prescription" does so to gain the little more profit paid on the sale of less meritorious medicines. His profit is your loss; therefore accept no substitute.

Dr. Pierce's Pleasant Pellets regulate the bowels.
