November 17, 1969

Mr. Kenneth J. Collyard
Laboratory Director
Community Pesticide Study
P. O. Box 579
Greeley, Colorado 80631

Dear Mr. Collyard:

I am having sent to you today samples of the Aroclors you requested in your letter of October 20. These samples will be sent from a producing location.

In addition I have enclosed a copy of a data sheet covering the chemical and physical characteristics as well as the acute mammalian toxicity.

Sincerely,

Jack T. Garrett
Manager, Industrial Hygiene
