CMA

Dear Has:

I checked with our business people about possibly joining the panel on a limited basis to support the update of the vinyl chloride epidemiology study and about whether our 400 or so workers could be included in the update. The decision was not to make a financial commitment to the project, but that I could be available for a small amount of technical sweat equity, if needed. Our workers can be included in the study.

Sincerely,

John F. Acquavella, PhD
Monsanto Fellow
