Carol Stack, Ph.D.
2501 M St., N.W.
Washington, D.C. 20037

Dear Carol:

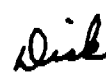

Enclosed are ten bound and one unbound copies of the revised proposal. I have removed all references to exposure classifications and defined, on page 3, how we will handle the stratification of the cohort to measure the effect of differing exposures. Hope this is satisfactory.

We will have a draft of the Agreement in the mail by Friday. If further changes have to be made in the wording, perhaps we can work it out over the phone from out two drafts. If CMA's counsel would like to talk directly with our council, call:

Mr. William Coburn
(415) 848-8422

Thanks for all of your good efforts on this project.

Sincerely,

Richard L. Davis
Vice President and
Treasurer
