Dear Mr. [REDACTED]

The Ohio Industrial Commission has asked us to reexamine you and carry out certain studies in connection with your claim for disability. We would like to have you report here to Cincinnati at the laboratory on Monday, October 23, and you should come prepared to stay in a hospital here for about one week. Should you for any reason be prevented from coming to Cincinnati on Monday, please make it a point to be here early on the following day.

Very truly yours,

WM:vr
