A I've mentioned bischloromethyl ether. You could look at some of the classic occupational carcinogens of the 40s and '50s and you'd end up with the same answer. And the nitrophenols.

Q And Wagner's report on mesotheliomas amongst the miners in South Africa in 1962?

A I think some people say that, yes. You mean 1960.

Q '60, I'm sorry.

A Yeah. I mean there are situations. I mean the so-called classic occupational carcinogens fit in that box.

MR. RUCKDESCHEL: I'm going to mark as Exhibit 18, "The Epidemiology of Asbestos-Related Diseases in Quebec."

(Plaintiffs' Exhibit 18 was marked for identification by the court reporter.)

BY MR. RUCKDESCHEL:

Q Are you familiar with that document?

A Yeah, I've seen it.

Q Okay. I have a specific and very limited question for you so I don't think it's necessary for you to read it all.

A No, I'll just wait for your question.

Q Okay. If I could have it back. There is a
