Mr. Paul Humanick, Plant Manager
E. I. Dupont DeNemours and Company
Chambers Works
Deepwater, N.J. 08027

Dear Mr. Humanick:

Under 29 CFR 1910.1001 the Assistant Secretary of Labor or or his authorized representative is entitled to the medical records of all employees who have been exposed to a concentration of asbestos fibers of .1 fiber per cubic centimeter of air or greater during any work operation, since July 1972. From our professional experience, this includes all insulaters or laggers and pipefitters. It may also include other crafts who have handled asbestos insulation and were exposed to .1 fiber/cc.

As part of the present investigation of complaints 81281 and 1282 the following information may be required to be submitted by your company at a future date.

The medical records which we may request are as follows:

1) A list of when medical exams for each asbestos exposed employee, as defined in the preceding paragraph, have been scheduled and completed since July 1972. This list is to include if chest X-rays, medical histories, and pulmonary function tests were performed during each exam.

2) Copies of each X-ray evaluation or interpretation for each exam on each employee listed in (1) above.

3) The results of the pulmonary function tests given in each exam in (1) above.

DU 062003

4) The original X-rays that were evaluated in (1).

5) Copies of the tracings that were evaluated in (1).

6) The medical history of each employee listed in (1) relative to respiratory disease.

Other information which may be requested under 29 CFR 1910.1001 is:

1) Written policies for handling any materials which contain asbestos.

2) Copies of personal and environmental monitoring results taken during work operations where asbestos fibers are released.

3) Qualifications of those individuals who administer and/or evaluate the X-rays and pulmonary function tests.

4) Methodology used to administer or evaluate the X-rays and pulmonary function tests (ie. ILO/UC, American Thoracic Society, etc.).

We would appreciate a response as to whether the documents listed above will be made available to the Assistant Secretary of Labor or his authorized representative. If some but not all of the information listed will be revealed please delineate.

Thank you for your consideration.

Very truly yours,

FOR
HARRY D. ALLENDORF,
AREA DIRECTOR
