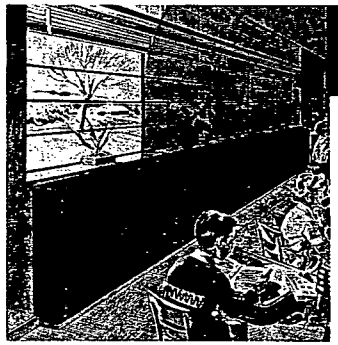
Vulcan LINOVENTILATOR®

A Quality Schoolroom Heating-Ventilating System At Lowest Cost To Fit Almost Any Budget!



New Heating-Ventilating System Meets All Requirements . . .

The completely new Vulcan LINOVENTILATOR SYSTEM is the latest innovation in classroom heating and ventilating. It has been designed for economy, efficiency and functional beauty, with remarkable savings in installation and operating costs. This has been made possible by unique engineering that introduces an entirely new concept in heating and ventilating.

The LINOVENTILATOR SYSTEM meets the exacting requirements for schoolroom heating-ventilating as established by recognized authorities. It now places heating-ventilating, heretofore impossible because of high cost, within the reach of local school budgets.
