Ryan

I enjoyed our discussion yesterday regarding my strong interest in joining the Trump Administration' EPA.

I recall you said that you were forwarding paperwork back to White House personnel and I look forward to future discussions. If you know of anything else that you may need from me or that I should be doing in general, I would greatly appreciate your advice I look forward to the next time we talk.

Thanks

Ex. 6 - Personal Privacy I received your resume from the Presidential Personnel Office as someone interested in a position at EPA. I wanted to reach you when convenient to talk with you about that.

I may be reached anytime at Ex. 6 - Personal Privacy or on my cell at Ex. 6 - Personal Privacy

Thanks.
