El Paso, Texas

Attention: Mr. Joe English

Gentlemen:

We are pleased to quote the total sum of $1620.00 to furnish and apply insulation for the discharge and bleed lines for the 30,000 CFM Blower #7 as shown on your drawing E-22003 and marked with red pencil. This quotation also includes insulating approximately eight feet and six inches of the existing 36" discharge line. The new piping shall be insulated to the building wall.

The insulation shall be 1" thick Fiberglas Metal Mesh Blanket with rib lath on the side against the piping and expanded metal lath to the exterior. Mineral wool insulating cement shall be trowelled on over the lath and finally a coat of asphalt emulsion weather coat shall be trowelled on over the insulating cement.

We appreciate the opportunity to quote on your insulation requirements.

Respectfully submitted,

WILLARD A. SELLE, INC.

Ben Crockett
