gaf New appointments

G A F Corporation

May 7, 1973

Wayne H. Page has been appointed Director of Manufacturing, Industrial Products Division, effective immediately, and will report to me.

In his new capacity, Mr. Page, most recently Regional Manufacturing Manager for the Building Products and Industrial Products Divisions since September 1971 at South Bound Brook, New Jersey, will have overall responsibility for all manufacturing facilities of the Industrial Products Division, including mineral products, felt and automotive products. He will be located at headquarters office in New York City.

Mr. Page joined the former Ruberoid Company in 1946. He rose through the manufacturing and engineering organizations of that company and in 1963 was appointed Plant Manager, Houston and in 1966, Director of Engineering. In 1967 Mr. Page was named Plant Manager, Charmlan and in 1970, Plant Manager, Joliet.

Mr. Page received his B. S. in Electrical Engineering from the University of Vermont in 1943.
