AROCLOR® SHIPMENTS

Mr. W. B. Papageorge - B2SK

ATTORNEY-CLIENT PRIVILEGE

Further to our conversation of Thursday evening, I believe it prudent that some steps be taken to inform manufacturing to be certain that all Aroclor® products shipped are within sales specifications, especially to the following accounts:

Aerovox and Aerovox Canada, Ltd.
Axel Electronics
Jard Company, Inc.
P. R. Mallory Company, Inc.
Research - Cottrell, Inc.
Sangamo Electric Company
Universal Manufacturing Company
Westinghouse Electric Corporation and
Westinghouse Canada Limited

In addition, responsibility should be laid on senior personnel at Krummrich to be personally assured that containers or tank cars shipped to the following customers, are correctly loaded, sealed and/or not leaking:

Research - Cottrell, Inc.
Westinghouse Electric Corporation and
Westinghouse Canada Limited

Thomas H. Bottini
