Re: Obsolete Literature

Dear Bill:

As of March, 1976 the following items are obsolete on the Literature Inventory:

1. Code No. 270021C133 - RE-8 Benthal Benzoic Acid Technical in Alkyd Resins. Before destroying all copies on hand, please send to my attention 10 copies.

2. Code No. 270101C151 - RE-17 Dibutyl Fumarate. Before destroying all copies on hand, please send to my attention 5 copies.

3. Code No. 270091C145 - RE-7A Dibutyl Maleate and Dibutyl Fumarate. This is now obsolete and all copies should be destroyed.

4. Code No. 270141C161 - IN-12 Ortho-Nitroaniline. This is now obsolete and all copies should be destroyed.

5. Code No. 344161D131 - I-218 Monsanto's Versatile and Reactive Alkyl Phenols. This is now obsolete and all copies should be destroyed.

6. Code No. 342012D114 - IC/DP-5 Chemical Polishing (Bright-Dipping) of Aluminum. This is now obsolete and all copies should be destroyed.

7. Code No. 342041D084 - I-235 Monsanto Diammonium Phosphate. This is now obsolete and all copies should be destroyed.

STLCOPCB4087571

8. Code No. 344221D143 - FC-4B Recommended Use Limitations for TCC. Before destroying all copies on hand, please send to my attention 10 copies.

9. Code No. 723181E065 - IC/FF-37 Skydrol 7000, Fire-Resistant Aircraft Hydraulic Fluid. This is now obsolete and all copies should be destroyed.

10. Code No. 723024E004 - O/FF-10 Absorptive Refining of Askarel Fluids. This is now obsolete and all copies should be destroyed.

11. Code No. 723020E002 - O/FF-12 In-Line Measurement of Electrical Properties for Flowing Dielectries. This is now obsolete and all copies should be destroyed.

12. Code No. 723027E011 - O/FF-27 Noise Governs Transformer Selection. This is now obsolete and all copies should be destroyed.

13. Code No. 723025E005 - When you Want Fire Safety, Reliability, Minimum Maintenance Specify Askarel - Type Transformers. This is now obsolete and all copies should be destroyed.

14. Code No. 723115E034 - IC/FF-46 Pydratek-100. This is now obsolete and all copies should be destroyed.

15. Code No. 723011E001 - O/FF-1R The Aroclor Polychlorinated Polyphenyls. This is now obsolete and all copies should be destroyed.

16. Code No. 747031F075 - I-236 Alkophos C&CE Colloidal Aluminum Phosphate. This is now obsolete and all copies should be destroyed.

17. Code No. 747041F081 - I-120 Alkyd Acid Phosphates. This is now obsolete and all copies should be destroyed.

I would appreciate this matter being taken care of as soon as possible.

Cordially,

Selma R. Spurgeon
