Re: Samples of River H_2O - Analyze for PCB's

To: Dale Tackell

- Please collect four sets of river samples as follows:

Location	Sample Size	Quantity	
Mississippi - J.B. Bridge	1 gal	3	
Mississippi - Chain of Rocks	1 gal	3	.22 ppb .21 → .39
Missouri - St. Charles	1 gal	3	<0.05 ppb .24 → .31
Mississippi - Above Ill.	1 gal	3	0.19 ppb .39
Illinois River J.B. Bridg	{ <0.25 ppb <0.07		

Locations are only approximate - All samples should be collected in 1 gal glass bottles - Aluminum foil should be placed under each cap.
