Re: Deposition of Paul G. Benignus - 9/4/86

Page	Line	Suggested Changes
1	22	A.M.
15	13	skin patch tests using aroclors to see whether they are skin sensitizers
1a	1	PCB involvement with chloracne was reported in the literature in the early 1940's.
23	16	nitro cellulose - not natural
23	17	"
23	22	"
25	13	PCT indicates polychlorinated terphenyl - not biphenyl
28	5	resinous
30	18	Ralph Marburry
30	22	Innis
31	14	Marburry
33	21	"
39	8	Kraft
41	2	at
42	4	The dates I gave in 42/11 are for our book "The Proper and Safe Handling of Arochlors in The Electrical Industry". The "Askarel Inspection and Maintenance Guide" was first published (I estimate in) about 1964. This was written for askarel transformers -- not capacitors.
44	24	time
50	12	I agree with M.F.

52	12	Kunz see also 42/18; 73/16; 74/10; 76/1; 77/16; 77/19
67	22	We always indicated that long term exposure may
68	4	cause injury or damage to the liver and kidneys.
See also M.F.		We did not go into detail such as tumors and I had never heard of any malignancy.
69	17	I agree with M.F.
70 to 71	23 1	I agree with M.F. I seem to recall that Don McClain of W told our salesman about this.
82	8	went
99	8	This is fuzzy.
111	24	The answer is "yes" obviously.
112	1	I'm not sorry for saying "yes". I'm sorry because McConnell did not hear me - the first time.
123	2	Correct this - no to yes. My unintentional error Papageorge was made Chairman of ANSI C107.
123	16	Al Salazar of ANSI was the Secretary of C107.
128	2	I was appointed Chairman of the Steering Committee to Organize C107.
136	1	Ed Raab of G.E. was appointed Chairman of the Sub-Committee on transformers.
136	4	Al Pozefsky was the chairman of the sub-committee on capacitors.
137 thru 138	1 16	Mr. McConnell belabors this entire matter - he goes thru a lawyer's procedure and approach but without developing a thing of substance. It surely is plain enough -- why ANSI C107 was formed and its purpose.
140	9	I believe Mr. McConnell is speaking accordingly the A should be changed to Q.

159 I agree with M.F.

Paul G. Benignus
11/6/86
