SYDNEY N.S.W. 2001

Dear Mr Blaxland:

Our study into the whereabouts and health status of previous Australian Blue Asbestos employees is progressing satisfactorily and gaining momentum to the extent that we will probably need to appoint additional staff in States other than Western Australia in the next few months. We would be appreciative if the remaining funds previously offered by C.S.R. for this study could be made over to the University in the near future.

I understand from Mr Leith that you will shortly be retiring and would like to take this opportunity to thank you for your personal interest and help in our work. You will be interested to know that I am meeting the Social Worker appointed by the C.S.R. Trust this afternoon, and will endeavour to give what help I can.

With best wishes.

Yours sincerely,

Michael Hobbs.
