MR. SMITH: Your Honor, if Dr. Millette could come down off the stand, we have some slides to present.

THE COURT: He may.

(Whereupon, the witness left the witness stand.)

THE COURT: Dr. Millette, would you like to take the position right next to Ms. Gahagan here, please?

Right there, sir.

(Whereupon, slides were presented to the jury via the view box.)

BY MR. SMITH:

Q Dr. Millette, can you tell us what this slide shows?

A This shows the surface of one of the brake shoes.

Obviously it is a Ford brake shoe, and the whole piece is probably about 10 inches long. It is a curved surface, as we will see in the next picture.

One of the things to look at here is we will
