

Spray flies as army's new M3 medium tank, 25 tons and carrying two cannons and five machine guns, is given a test in water basin at Aberdeen, Md. This is a "pilot model"; accepted design will be pattern for mass production.

Persimmons Yield Pyhorrhea Drug

Discovery Made By Dr. Carver, Famed Negro Scientist.

TUSKEGEE, Ala., April 12. (AP) — Dr. George W. Carver, famed negro scientist of Tuskegee Institute, disclosed today that he has developed from the persimmon a drug to treat pyorrhea.

Dr. Carver said the persimmon, which grows wild in profusion in the south, was boiled and the juice was combined with other ingredients to form a powerful topical astringent.

The aged and lovable scientist, who specializes in developing useful substances from plants or products of the soil, said the drug would not be marketed until it has been thoroughly tested by the dental profession. The dental division of the Julius A. Andrews Clinical research organization of negro physicians and dentists, will conduct these tests in a series of controlled experiments.

Mother Dies in Denver

Notice of the death of his mother, Mrs. W. Roberts, 2[illegible] Santa Ana, last last night by rail for Beatrice, Calif., to arrange for funeral services for Mrs. Laura Roberts.

Mrs. Roberts, a resident of Denver since 1884, died yesterday in the Presbyterian hospital there after a brief illness.

Spark Plug Gaps

The carburetor cannot be adjusted properly if the spark plugs are not in good condition and the gaps set at the correct width.

Harder to Divorce

France Tightens Law To Bar "Millionaire Scandals."

VICHY, France, April 12. (AP)—France's new law making divorces harder to get is designed to prevent such things as the scandals of millionaire "American divorces" in Paris several years ago, Justice Minister Joseph Barthelemy told the nation today.

The new law, Barthelemy said in a broadcast address, is part of the broad French code which puts the family above the individual.

Under it, the only grounds recognized for divorce are "repeated grave offenses which make impossible the normal life of married couples." A section aimed at "sham" marriages makes it void, also, to marry a divorced man after three years of waiting.

Check Fan Belt

Before starting on the vacation trip be sure to check the fan belt. If the belt is old and frayed it should be replaced, for it may break when traveling in a hurry where a new one is not readily obtainable. Most fan belts operate the generator or water pump, or both.

and address as a witness. Now, after a month, I have been told that the owner of the car has secured a warrant for my arrest. He insists that he found no notice on his car and that if it had not been for the pedestrian he would never have known who damaged his car. What did I fail to do that would permit this action against me? D. McD.

A. Perhaps the notice you left was blown away or fell off the car. You should have followed up what you did by, within 24 hours, forwarding a similar notice to the police department of the city wherein the accident occurred, or to the sheriff or Cali-

equipped with two clearance lights, one on each side near the rear and visible for 500 feet. If trailer coach is in excess of 80 inches, four clearance lights must be displayed. Other requirements are that it shall be equipped with a red reflector on the rear, and must be equipped with brakes operated by the

ing a so-called "traffic

A. Yes; that right is by law, and recently an opinion by the attorney of the state.

Traffic questions should be warded to Chief E. Cato at Sacramento, will appear at an early
