Mr. C. C. Shuttleworth - Paoli

Mr. R. Sikes - Ardmore
Mr. W. J. Helms - Acme Plant

COPY FOR

What is the status on getting trial jobs for our new acoustical plaster which will work through a gun?

We want to know when jobs have been arranged for us so that if it is convenient and desirable, we can have a nobody from the Laboratory or plant on the job when the material is applied. Please keep us advised on this field test work and try to get it accomplished as soon as possible.
