intracompany memo

PLAINTIFF'S EXHIBIT GP-68

Mr. C. W. Lehnert — Location: Tigard Lab

D. C. Corkill — Location: Portland

Subject: ASBESTOS — Date: March 10, 1977

Rich Ballast informed me yesterday that his Minneapolis customer, Gypsum Georgia was recently told by his insurance company that his liability insurance is being increased 50%. The reason for this being his use of products containing asbestos. According to Rich there is a million dollar liability suit in that area that stems from a contractor's use of asbestos containing products.
