Jim; note on your record 2 1/2 drs. returned.

August 6, 1971

Mr. J. R. Fallon, Product Manager
Heat Transfer, Dielectrics and
Process Fluids
MONSANTO COMPANY
800 N. Lindbergh Boulevard
St. Louis, Missouri 63166

SUBJECT: THERMINOL FLUIDS

Dear Mr. Fallon:

Further to your letter of July 23, 1971 and per your instructions, we have just shipped two and one half drums of used Therminol FR-2 from our Test Center to Sauget, Illinois.

To date we have received only one drum of Therminol 66 which we will be installing in our Feasibility Test Lab shortly.

We will probably not change the FR-1 in our Production Scale Test Lab for some time inasmuch as we are planning to make major changes to the system early in the new year. At that time we will return the balance of the FR-1 to you.

If you prefer you could hold on to the other two drums of 66 until that time.

Sincerely yours,
WESTERN PRECIPITATION DIVISION
