Tom Ford
Monsanto
St. Louis

Dear Tom

I gave your additional information to Dave Perlman on the Chronicle . He indicated he didn't think it gave him enough to do a story right now but he will hold it for future reference.

In addition, he asked if you could send him whatever published material you have on the Monsanto polychlorbi phenyls. He was referring to brochures prepared for trade and sales. It might be better to send them to me and I'll pass them along to Dave. That would give me a chance to read them first.

If it is not too much trouble I wish you would ask your secretary to send me some general material on Monsanto concerning the divisions and structure, what its scope is, an annual report and so on.

I expect to have dinner with Dave toward the end of next week and I want to be better informed than I might be from reading the financial indices only, which are the library staple.

Regards,

Linton
