RE: The Next Committee Meeting on October 31, 1995

MESSAGE

This is to confirm that the next Vinyl Chloride Health Committee meeting will be on **October 31st at 10:00 a.m. EDT**. I tried to convene the meeting earlier but this was the only day in September and October that I could get all committee members together.

As the meeting now is almost two months away, please call Jonathan Ramlow at 517/636-1276 or me at 202/887-1192 with your comments on the draft epidemiology study update protocol by September 22nd.

If you need an estimated budget for 1996 for your internal planning purposes prior to the October 31st meeting, please call me to discuss it.
