File

Attached for your information is a copy of the final draft of the Material Safety Data Sheet (MSDS) for PCB's.

This document has been prepared and reviewed according to the current (July 1, 1979) Corporate guidelines for preparation and revision of material safety data sheets, which includes both op-co and Corporate staff department inputs.

The MSDS will be printed and issued from this office. Copies will be provided to appropriate Monsanto personnel (DMEH, PR, plant environmental/industrial hygiene representatives, etc.) who may need to respond to emergency situations. Ex-Monsanto requests will be filled by this office (either direct or referral requests) and records of recipients will be maintained.

J. H. Craddock
