Division Mr. C. R. Johnson
Location Mr. L. R. Noble
Mr. D. R. Paugh
Copy to Mr. M. E. Perry
Mr. E. C. Shipley

Date December 19, 1979

Originating Dept. Technical Center IH/EP

Subject Informational Program on Asbestos

cc: Mr. H. L. Robinson

A 20-minute slide presentation with taped commentary on the toxicity of asbestos and safe handling of materials containing asbestos is available for showing to interested groups. The Tech Center Industrial Hygiene group revised a Johns-Manville presentation to meet Carbide needs.

A booklet, copy attached, is available for handout to employees who attend the program showing. Personnel from the Industrial Hygiene group will be present to address questions after the presentation.

To schedule this program, please call Mr. William Blythe at x4752.

Very truly yours,

George Hurley

G. F. Hurley
Industrial Hygienist
