River Forest, Illinois 60305

Dear Dan:

As requested, I am sending you a copy of the computerized work histories for the Krummrich employees that were selected by Dr. Davis for her audit. In addition, I am sending you a computer printout of Krummrich departments, jobtitles, and years when they were effective, as listed in the management-union agreements. Please note that some of the management-union contracts (1941 and 1945) were missing a detailed listing of departments and jobtitles; others represent two- or three-year contracts.

I have determined that an hourly Krummrich employees had an average of 21 job changes, with a maximum of 141. These numbers were computed minus the leaves of absence.

Please let me know if you have any questions about the information that is enclosed.

Sincerely,

Terry L. Leet
