Victor Derrick vs. Railroad Friction Products Corporation
Date of Exposure: 1954 to 1978

Dear Mr. Curci:

Attached is a Summons and Complaint which will serve as first notice of claim to the United States Fidelity & Guaranty Company.

The United States Fidelity & Guaranty Company insured Railroad Friction Products Corporation from 1954 through 1961. The only policy number that I have been able to identify to date is Policy No. CGL109349. This policy was written through your Pittsburgh, Pennsylvania office. A Mr. Hayes W. Goetze, who was the Superintendent of the Casualty Department in 1955, was involved with this account and may be able to provide you with additional coverage information.

In addition to the United States Fidelity & Guaranty Company the Travelers Insurance Company and the Hartford Insurance Company also insured Railroad Friction Products Corporation for a part of this period of exposure. The Travelers Insurance Company has appointed the law firm of Curran, Mylotte, David & Fitzpatrick, 1718 Locust Street, Philadelphia, Pennsylvania, phone number 215-732-5050 to protect the interest of Railroad Friction Products Corporation. Mr. Ed David of that firm is currently handling this case. It is my understanding that this law firm has already entered an appearance.

Please acknowledge receipt of this material and inform me who will be handling this claim for the United States Fidelity & Guaranty Association.

Please do not hesitate to call me if you have any questions.

Very truly yours,

Paul Bunyan
 Assistant Vice President
 Casualty Claims Department
