Chicago Area Jobs

~~W. J. Bourke/Chicago Plant ZOMO~~~~T. P. Peit~~

Eber Cox - Travelers Rest ZOMO

I learned in a phone conversation with Bill Bourke that there are three jobs in progress in the Chicago area, two with MK-4. They are:

- (a) Gateway Center Annex (over air rights over Union Station) using MK-4; McNulty is the applicator.
- (b) Audy Home, 5 to 6 floors only, using MK-4; Durgood-McNulty acting as joint applicators.
- (c) Austin Middle School at Laramie and Harrison Streets, Chicago, low rise, using MK-3; Air-O-Therm is the applicator.

I recommend we audit (a) when time permits.
