Subject: ACA - EPA Meeting tomorrow

Hi Nancy and Lynn,

I am thrilled that we finally have an opportunity to talk with you about the chemicals program. We are very interested in hearing your thoughts on the agency's priorities and capacity during this Administration and we are delighted to have the opportunity to share our industry's priorities as well.

I am sharing with you two documents that reference some very specific issues within the PMN review process and some suggestions for TSCA regulatory relief consideration. I don't expect to be able to review all of these issues in our short time frame tomorrow, but thought this would be a good way to start the conversation with you both. I hope this is the first of many conversations over the next couple of years. Many of these issues will be very familiar to you.

We will see you tomorrow and are looking forward to it.

Thanks again, Heidi

Hi Heidi,

I recommend that you speak with Abbie Tardif, the new Principal Deputy in OAR. Her email is: Tardif.Abigale@epa.gov.

Have a great long weekend!

Nancy

Thanks for the quick response, Nancy. Much appreciated. I will wait to hear from your schedules for timing.

I also have a fairly urgent matter with regard to an aerosol coatings rulemaking finalized on January 17. Can you point me to the right person in OAQPS to talk with about this? I would really appreciate it.

Thanks, Heidi

Hi Heidi,

Thank you for the good wishes and the vote of confidence!

We would be happy to meet with you to learn about your TSCA priorities. I've cc'd our scheduling team so they can work with you to find a good window.

Best,
Nancy

Nancy,

Congratulations on your appointment and welcome back to US EPA and the chemicals program! ACA is thrilled to see that a veteran of the Lautenberg amendments is back in the office. TSCA implementation has only gotten more complex over the years and EPA needs experts like you to get back on track.

At ACA, we have been working through the many, many issues presented by TSCA that result in barriers to innovation for paint and coatings products. I would like to meet with you to discuss our priorities.

Could we find a time to meet? We are happy to come to EPA's offices, or alternatively, a virtual meeting works as well. Feel free to send me some days and times that work for you.

Thanks and I look forward to hearing from you,

Heidi K. McAuliffe, Esq. ▪ American Coatings Association ▪ Senior Vice President, Government Affairs
